

Dose-Based IV - Practice Set 1

1. **Order:** Morphine sulfate 10 mg/hr IV continuous
Available: Morphine 10 mg/5 mL (2 mg/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?
-

2. **Order:** Regular insulin 20 units/hr IV continuous
Available: Insulin 100 units/50 mL NS (2 units/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?
-

3. **Order:** Potassium chloride 10 mEq/hr IV continuous
Available: KCl 40 mEq/100 mL NS (0.4 mEq/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?
-

4. **Order:** Morphine sulfate 4 mg/hr IV continuous
Available: Morphine 10 mg/5 mL NS (2 mg/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?
-

5. **Order:** Heparin 1,500 units/hr IV continuous
Available: Heparin 25,000 units/500 mL NS (50 units/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?

Dose-Based IV - Practice Set 2

1. **Order:** Magnesium sulfate 2 g/hr IV continuous
Available: MgSO_4 10 g/20 mL (0.5 g/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?

2. **Order:** Heparin 1,000 units/hr IV continuous
Available: Heparin 25,000 units/500 mL NS (50 units/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?

3. **Order:** Regular insulin 4 units/hr IV continuous
Available: Insulin 100 units/200 mL NS (0.5 units/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?

4. **Order:** Morphine sulfate 6 mg/hr IV continuous
Available: Morphine 15 mg/37.5 mL NS (0.4 mg/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?

5. **Order:** Potassium chloride 3 mEq/hr IV continuous
Available: KCl 20 mEq/40 mL NS (0.5 mEq/mL)
Question: What pump rate (mL/hr) delivers the ordered dose?
